18:00 Wed 21 Jun 2023

**Heavy showers and thunderstorms
perhaps causing some flooding and
disruption.****What to expect**

- There is a good chance driving conditions will be affected by spray, standing water and/or hail, leading to longer journey times by car and bus
- Delays to train services are possible
- Probably some damage to a few buildings and structures from lightning strikes

Further details

Heavy showers and thunderstorms are expected to develop from late morning. While many places will miss these, where they do occur some of these will be heavy, perhaps giving 10-20 mm of rain in around one hour and up to 30 mm in 2-3 hours in a few places. Hail and lightning are also likely to cause some hazardous conditions.

Most of the showers and thunderstorms will die out by late afternoon or early evening.

✓ Medium likelihood of low impacts
